

The garage door you'll wish for in a bushfire.

When you live in bushfire zones, you need to have confidence in BAL rated products to protect you when you need it most! The garage door is no exception and now you can rely on B&D® to provide some peace of mind.

B&D®, Australia's most trusted and reliable name in garage doors, now offers homeowners in bushfire zones an essential tool in helping to protect all the things they hold dear behind closed doors - the NEW B&D® BAL-Maze™ garage door system.

In simple terms, our B&D® BAL-Maze™ door system has been designed and developed to maximise a garage door's defence system against flying embers and burning debris entering a home. It is the only garage door system in Australia to have a CSIRO tested grading for bushfire protection - a BAL-40 rating.

So now you can safely choose your favourite B&D® sectional door knowing we've built it to help protect you and your home from bushfires*.

BAL-Maze™

**IF IT'S NOT B&D® BAL-MAZE™
IT IS NOT CSIRO TESTED ^**

BAL-Maze™

B&D® BAL-Maze™ – the only CSIRO tested BAL-40 door system in Australia.

What does that mean for you? It means a lot of peace of mind for our customers living in bushfire prone hotspots, because B&D® BAL-Maze™ doors have been independently tested by CSIRO, and confirmed to perform up to BAL-40 level protection in a bushfire. We're the only garage door manufacturer in Australia who can say that. And we're proud of it.

BAL-12.5 ✓

Ember attack with heat flux of up to **12kW/m²**

BAL-19 ✓

Increasing levels of ember attack and ignition of debris with a heat flux of up to **19kW/m²**

BAL-29 ✓

Increasing levels of ember attack and ignition of debris with a heat flux of up to **29kW/m²**

BAL-40 ✓

Increasing levels of ember attack and ignition of debris with a heat flux of up to **40kW/m²** and increased likelihood of exposure to flames

We understand when you live in bushfire zones you want building products that not only look great, they need to stand strong to help protect you when it matters. Only B&D's BAL-Maze™ system has been independently tested by the CSIRO and confirmed to perform up to BAL-40 level protection, across our full range of sectional door colours and styles*.
